#### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

#### Status

- 1) Responsive to communication(s) filed on 17 September 2008.
- 2a) This action is **FINAL**.                    2b) This action is non-final.
- 3) Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

## DETAILED ACTION

1. The response filed on **9/17/08** has been entered.
  
2. Applicant's argument filed 9/17/08 have been fully considered but they are not deemed to be persuasive.
  
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
  
4. Claims 20-24 are pending in this office action.
  
5. Claims 20-22 and 24 stand rejected under 35 U.S.C. 102(b) as being anticipated by Surburg et al. (US 6,420,334) for the reasons made of record in Paper No. 20080619 and as follows.

Applicant argues that Surburg et al do not teach or disclose a cedrol containing or having no odor detectable above a threshold. Applicant emphasizes that the disclosure of Surburg et al is to a hydroxy ketone, which is derived from a cedrene and which is odorless in pure form.

In response, Applicants' argument is found not persuasive. Surburg et al. clearly teach the pure form extract from cedarwood oil is odorless or has a weak odor. Next, the claims recite purity having no odor above a detectable threshold. It is anticipated that the pure form of cedrol is in its hydroxyl ketone or its enol form. Moreover, Surburg

specifically teach that the weak odor is reminiscent of the sesquiterpene, therefore it is reasonably anticipated that it is above a detectable threshold (e.g. no odor based on the size of the area dispense). Further, the claims do not define what is meant by "purity" and "detectable threshold". Thus, weak odors may not be detected if the area that is being vaporized is large enough to nullify the effect of odor. Applicant should note that the term "consisting essentially off" is viewed as "comprising", and therefore the scope of claims and the rejection remains the same. Also note that "comprising" is recited after the recitation "a vaporization system....".

Thus argument is found not persuasive for the above reasons and the reasons made of record.

6. Claims 23 stands rejected under 35 U.S.C. 103(a) as being unpatentable over Surburg et al., US 6420,334 in view of Zaunbrecker et al., US 5,955,034 for the reasons made of record in paper No. 20080619 and as follows. Note claims 20-22 and 24 are rejected above by Surburg.

No remarks were made to this rejection.

7. No claim is allowed.

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
